2.1 How to Add Brands & Assign Prodcuts to Them

Step 1 - Go to Shop By Brands:

At the backend go to Shop By Brand. You can go there from Products section. You can add your brand information here. For the purpose of this demo we have added the following information.

The screenshot shows the 'Shop By Brands' admin page. On the left is a sidebar with navigation options like Dashboard, Posts, Media, Pages, Comments, Support, WooCommerce, and Products. The main content area is titled 'Shop By Brands' and includes an 'Add New Brand' form with fields for Name (Adidas), Slug (adidad), Parent Brand (None), and Description. Below the form is a 'Brands Thumbnail' section with an 'adidas' logo and 'Upload/Select image' and 'Remove image' buttons. On the right, there is a table listing existing brands:
