1 Installation Guide

This is a quick guide on installation, and updating.

1.1 Plugin Installation

To install WooCommerce Product plugin you must have a working and latest version of WordPress and WooCommerce plugin already installed. For information on installing the WordPress, please see the [WordPress Codex - Installing WordPress](#). For installing the WooCommerce and configure the shop please visit the following link [WooThemes - Installing WooCommerce](#).

- Now the next step is the **WooCommerce Direct Checkout - Skip Cart or Checkout on Same Page Plugin**. In the full .ZIP archive you have downloaded from [Codecanyon.net](#) you will find file. This file is the installable .ZIP archive you can install via WordPress.

Now is time to install **WooCommerce Direct Checkout - Skip Cart or Checkout on Same Page Plugin**, please read these steps carefully.

Installing from WordPress

Follow the steps bellow to install from WordPress Admin Dashboard

- Navigate to Plugins
- Click Install Plugins and click Add New
- Click the Upload Plugin button
- Navigate the .ZIP file on your computer and click Install Now
- When installation is done please click Activate to activate plugin

Installing using FTP

Follow the steps bellow to install using FTP

- Unzip the file to a desired location on your computer. These extracted files will be uploaded later via FTP
- Connect to your server via FTP (Use FileZilla or any other FTP client)
- Navigate to /wp-content/plugins/ server directory
- Locate the local directory where you have unzipped the ext_woo_abandoned_cart.zip archive
- Upload local folder /Extendons-woocommerce-Direct-checkout/ to remote /wp-content/plugins/
- To activate the newly installed plugin navigate to Plugins and click the Activate button within the **WooCommerce Direct Checkout - Skip Cart or Checkout on Same Page Plugin**

1.2 Plugin Updates

Update from WordPress Admin

Follow the steps bellow to update from WordPress Admin Dashboard

- Navigate to Plugins

- After deactivation click Delete to remove the old version (your saved setting will not be lost)
- Click Install Plugins and click Add New
- Click the Upload Plugin button
- Navigate the new version archive .ZIP on your computer and click Install Now
- When installation is done please click Activate to activate plugin

Update using FTP

Follow the steps bellow to update using FTP

- Unzip the new version archive .ZIP file to a desired location on your computer. These extracted files will be uploaded later via FTP
- Connect to your server via FTP (Use FileZilla or any other FTP client)
- Navigate to /wp-content/plugins/ server directory and delete the current plugin folde
- Locate the local directory where you have unzipped the new version archive .ZIP file
- Upload local folder to remote /wp-content/plugins/

2 User Guide

After installation of plugin, login to admin panel and flush your cache storage.

2.1 How to Configure the Plugin

At the back end, go to **Direct Checkout**. Here you will find the following settings:

General Settings

- **Checkout Method:** Selected method will be used as a checkout method.
 - **One Click Checkout**
 - **On Page Checkout**
 - **Sticky Checkout**
- **Theme:** Select your theme
- **Select Button:** Select Checkout Button
- **Button Text:** This text will be used as button text

The screenshot displays the WordPress admin dashboard with the 'Direct Checkout' plugin settings page. The left sidebar shows the navigation menu with 'Direct Checkout' selected. The main content area is titled 'Addons configuration settings.' and includes a 'Support Center' link and a 'Save Changes' button. The settings are organized into a 'General Settings' section with the following fields:

- Checkout Method:** (Selected method will be used as a checkout method) - Sticky Checkout
- Theme:** (Select your theme) - Storefront
- Select Button:** (Select Checkout Button) - Additional Button
- Button Text:** (This text will be used as the buttons text.) - Buy Now

A 'Save Changes' button is located at the bottom right of the settings area.
