1 Installation Guide

This is a quick guide on installation, and updating.

1.1 Plugin Installation

To install WooCommerce Product plugin you must have a working and latest version of WordPress and WooCommerce plugin already installed. For information on installing the WordPress , please see the WordPress Codex - Installing WordPress. For installing the WooCommerce and configure the shop please visit the following link WooThemes - Installing WooCommerce.

- Now the next step is the **WooCommerce Flash Sales Pro - Countdown Timer & Banners** Plugin. In the full .ZIP archive you have downloaded from Codecanyon.net. This file is the installable .ZIP archive you can install via WordPress.

Now is time to install **WooCommerce Flash Sales Pro - Countdown Timer & Banners** Plugin, please read these steps carefully.

Installing from WordPress

Follow the steps bellow to install from WordPress Admin Dashboard

- Navigate to Plugins
- Click Install Plugins and click Add New
- Click the Upload Plugin button
- Navigate the .ZIP on your computer and click Install Now
- When installation is done please click Activate to activate plugin

Installing using FTP

Follow the steps bellow to install using FTP

- Unzip the provided .ZIP file to a desired location on your computer. These extracted files will be uploaded later via FTP

- Connect to your server via FTP (Use FileZilla or any other FTP client)
- Navigate to /wp-content/plugins/ server directory
- Locate the local directory where you have unzipped the archive
- Upload local folder to remote /wp-content/plugins/
- To activate the newly installed plugin navigate to Plugins and click the Activate button within the **WooCommerce Flash Sales Pro - Countdown Timer & Banners** Plugin

1.2 Plugin Updates

Update from WordPress Admin

Follow the steps bellow to update from WordPress Admin Dashboard

- Navigate to Plugins
- Find the currently installed **WooCommerce Flash Sales Pro - Countdown Timer & Banners** Plugin and click Deactivate
- After deactivation click Delete to remove the old version (your saved setting will not be lost)
- Click Install Plugins and click Add New
- Click the Upload Plugin button
- Navigate the new version archive .ZIP file on your computer and click Install Now
- When installation is done please click Activate to activate plugin

Update using FTP

Follow the steps bellow to update using FTP

- Unzip the new version archive .ZIP file to a desired location on your computer. These extracted files will be uploaded later via FTP
- Connect to your server via FTP (Use FileZilla or any other FTP client)
- Navigate to /wp-content/plugins/ server directory and delete the current plugin folder
- Locate the local directory where you have unzipped the new version archive .ZIP file
- Upload local folder to remote /wp-content/plugins/

2 User Guide

After installation of plugin, login to admin panel and flush your cache storage.

2.1 How to Add/Edit Flash Sales

Add a Product

At the backend go to "Flash Sales Pro". Here you will find the list of all the sales. Click on "Add New" button as indicated below to continue.

Provide Sale Information & Attach to Products or Categories

Here you have to provide your sale information and you can attach it to products or categories. For the purpose of this guide we have provided the following information and selected the following.
