General Settings of WooCommerce Load More Products:

At the WooCommerce admin panel, go to **Load More Products** option and change settings according to requirements. Here you will find four types of settings in different tabs

General Settings:

- **General**
- **Load More Button Setting**
- **Show Less Button Setting**
- **Message**

Now you can open **General** setting tab. Here you can set followings.

- **Select Loading Type.** (Load Button, Pagination, Scroll Down)
- **Select Animations Type.** (select from various animations style)
- **Set Load Product Limit.** (set product limit to load in each time)
- **Enable/Disable Loading Image.**

The screenshot shows the 'Load More Products Setting' page in a WordPress dashboard. The left sidebar contains navigation options: Posts, Media, Pages, Comments, WooCommerce, Orders, Coupons, Load More Products (highlighted with a purple arrow), Reports, Settings, Status, Extensions, Products, and Appearance. The main content area has a title 'Load More Products Setting' and four tabs: 'General' (selected and boxed in red), 'Load More Button Setting', 'Show Less Button Setting', and 'Message'. Below the tabs is the 'General Setting' section, which is also boxed in red. It includes the following settings: 'Select Loading Type' (dropdown menu set to 'pagination'), 'Select Animations Type' (dropdown menu set to 'SlideInDown'), 'Set Load Product Limit' (text input field containing '6'), 'Enable Loading Image' (dropdown menu set to 'Disable'), and 'Loading Image' (a green 'Upload Image' button next to a broken image icon). A blue 'Save Setting' button is located at the bottom of the settings area.

Load More Button Settings:

Now you have to select the **Load More Button Setting** tab to customize the settings of button which are button text, background color, mouse hover color, border color, text color, font size, etc.
