

PAY WHAT YOU WANT USER GUIDE

INTENDED AUDIENCE

The content of this document is designed to facilitate the users - managers, supervisors, and others of [Pay What You Want](#) App for Shopify. A step by step instruction has been added to this document to help users to install this app on their Shopify stores.

This app will only work on Shopify. As a safe practice always backup your files and database before installing any app on your store. If you are looking for someone to install this app, we can do it for you as well. Just go to our store page and let our support know the order id to expedite the installation process.

Once it is installed please refer to the User Guide to help you understand how to use this app to its full capacity. If you still have questions, feel free to contact us via email at info@extendons.com.

USER GUIDE

HOW TO INSTALL PAY WHAT YOU WANT APP

First, at the back end, go to the [Apps](#) store. Here you will find the Pay What You Want App. Click on [Pay What You Want](#) and add it to your store after accepting billing. Once installed, the user will be redirected to the app interface.

Demo Link: <https://pay-what-you-want-demo.myshopify.com/collections/all>

HOW TO CONFIGURE PAY WHAT YOU WANT APP

At the back end, go to [Apps](#) store. Here you will find the list of all the apps running on your store. Click on the [Pay What You Want](#) to continue.

Now, **General Settings** page will appear at your screen. Here you will find the following settings/configurations:

PAY WHAT YOU WANT

- **Enable / Disable App:** Option to Enable or Disable the Pay What You Want app on the frontend

ASK YOUR PRICE BUTTON FOR CATALOG PAGE

- **Enable / Disable:** Option to Enable or Disable the Ask Your Price button on the catalog page which allows the user to enter the desired custom price for any specific product.
- **Custom Price Button Label:** Enter a text/label for the custom price button e.g. Ask Your Price

BACKEND IMAGE

The screenshot shows a settings interface with a blue border. At the top left, there is a green icon and the text 'Pay What You Want'. Below this, there are two main sections. The first section is titled 'Pay What You Want' and contains a single setting: 'Enable/Disable' with a checked checkbox. The second section is titled 'Ask Your Price Button for Catalog Page' and contains two settings: 'Enable/Disable' with a checked checkbox, and 'Custom Price Button Label' with a text input field containing the text 'Ask Your Price'.

HOW TO CREATE CUSTOM RULES FOR THIS APP

After saving the general settings of this app, you can create custom rules by clicking on the [Add Rule](#) button to add a new rule. Here you will have to provide the rule settings:

The screenshot shows the 'General Settings' page for the 'Pay What You Want' app. At the top right, there is a purple 'Add Rule' button with a blue arrow pointing to it. Below the title, there is a search bar with the placeholder text 'Search ID, Rule Title, Status'. Underneath the search bar is a table with the following columns: ID, Rule Title, Product(s), Status, and Action. The table currently contains a single row with the text 'No Rule Exist, Create New Rule'.

RULE SETTINGS

- **Rule Title:** Enter a title for the new rule (**Note:** This title will be only used for the backend)
- **Suggested Price:** Option to enter a suggested price/desired price which will display on the product page **e.g.** 10
- **Hide Suggested Price:** Option to Show/Hide the suggested price on the product page
- **Minimum Price:** Option to set a minimum price range which will display on the product page **e.g.** 5
- **Hide Minimum Price:** Option to Show/Hide the minimum price on the product page
- **Maximum Price:** Option to set a maximum price range which will display on the product page **e.g.** 15

Pay What You Want

Rule

Rule Title	<input type="text" value="Rule 6"/>
Suggested Price	<input type="text" value="16.00"/>
Hide Suggested Price	<input type="checkbox"/>
Minimum Price	<input type="text" value="13.00"/>
Hide Minimum Price	<input type="checkbox"/>
Maximum Price	<input type="text" value="20.00"/>

- **Price Input Label:** Customize the label or leave this option empty to display the default label on the product page
- **Default Price:** Select from the following options:
 - **Minimum Price**
 - **Suggested Price**
 - **No Default Price**

- **Price Step Value:** Option to set the price step value by clicking the up/down arrows on the price box e.g. 5.00

- **Exempt Shipping Charges:** Option to Include or Exempt the shipping charges

- **Exempt Tax Price:** Option to Include or Exempt the tax price

- **Rule Apply Filter:** Specify where this rule will apply on:
 - **Product Based Rule**

(In this case, the rule will be applied on the selected products and its variants)

 - **Product Variant Based Rule**

(In this case, the rule will be applied on products & the selected variants)

- **Products & Variations:** Option to select one or more products and their variants on which you want to apply this rule

- **Rule Status:** Option to Enable or Disable the rule

Pay What You Want

Rule

Price Input Label	<input type="text" value="Your Price"/>
Default Price	<div><p>Suggested Price</p><p>Minimum Price</p><p>Suggested Price</p><p>No Default Price</p></div>
Price Step Value	<input type="text" value="5.00"/>
