Set Product Condition at Product Level

At the admin panel, go to **Products** then Click **Add New** or edit any product. Navigate to **Product Data** block and click **Product Condition** tab to set condition for that product.

You will find the following settings.

- **Product condition** (Enable / Disable Product Condition)
- **Select Condition Category** (Select Condition Category)
- **Select Condition** (Choose Right Condition for Your Product)

The screenshot shows the 'Product data' block for a 'Simple product'. The 'Product Condition' tab is selected and highlighted with a red box. The 'Product condition' dropdown is set to 'Enable'. The 'Select Condition Category' dropdown is set to 'New Condition'. The 'Select Condition' dropdown is open, showing a list of conditions: 'New with box', 'Brand new', 'New', 'New with box', 'New with defects', 'New Without Box', 'New with tags', and 'New without tags'. A purple arrow points to the 'New' option in the dropdown.

How to Quickly Set Condition for Product & Categories

At the backend, go to **Products** then select multiple products or filter products by categories and choose **Edit** and **Apply**
