1 Installation Guide

This is a quick guide on installation, and updating.

1.1 Plugin Installation

To install WooCommerce Product plugin you must have a working and latest version of WordPress and WooCommerce plugin already installed. For information on installing the WordPress, please see the WordPress Codex - Installing WordPress. For installing the WooCommerce and configure the shop please visit the following link WooThemes - Installing WooCommerce.

- Now the next step is the **WooCommerce Product Tabs Plugin**. In the full .ZIP archive you have downloaded from **Codecanyon.net** you will find file. This file is the installable .ZIP archive you can install via WordPress.

Now is time to install **WooCommerce Product Tabs Plugin**, please read these steps carefully.

Installing from WordPress

Follow the steps bellow to install from WordPress Admin Dashboard

- Navigate to Plugins
- Click Install Plugins and click Add New
- Click the Upload Plugin button
- Navigate the .ZIP file on your computer and click Install Now
- When installation is done please click Activate to activate plugin

Installing using FTP

Follow the steps bellow to install using FTP

- Unzip the file to a desired location on your computer. These extracted files will be uploaded later via FTP

- Connect to your server via FTP (Use FileZilla or any other FTP client)
- Navigate to /wp-content/plugins/ server directory
- Locate the local directory where you have unzipped the ext_woo_abandoned_cart.zip archive
- Upload local folder /Extendons-woocommerce-Direct-checkout/ to remote /wp-content/plugins/
- To activate the newly installed plugin navigate to Plugins and click the Activate button within the **WooCommerce Product Tabs Plugin**

1.2 Plugin Updates

Update from WordPress Admin

Follow the steps bellow to update from WordPress Admin Dashboard

- Navigate to Plugins
- Find the currently installed **WooCommerce Product Tabs Plugin** and click Deactivate
