- After deactivation click Delete to remove the old version (your saved setting will not be lost)
- Click Install Plugins and click Add New
- Click the Upload Plugin button
- Navigate the new version archive .ZIP file on your computer and click Install Now
- When installation is done please click Activate to activate plugin

Update using FTP

Follow the steps bellow to update using FTP

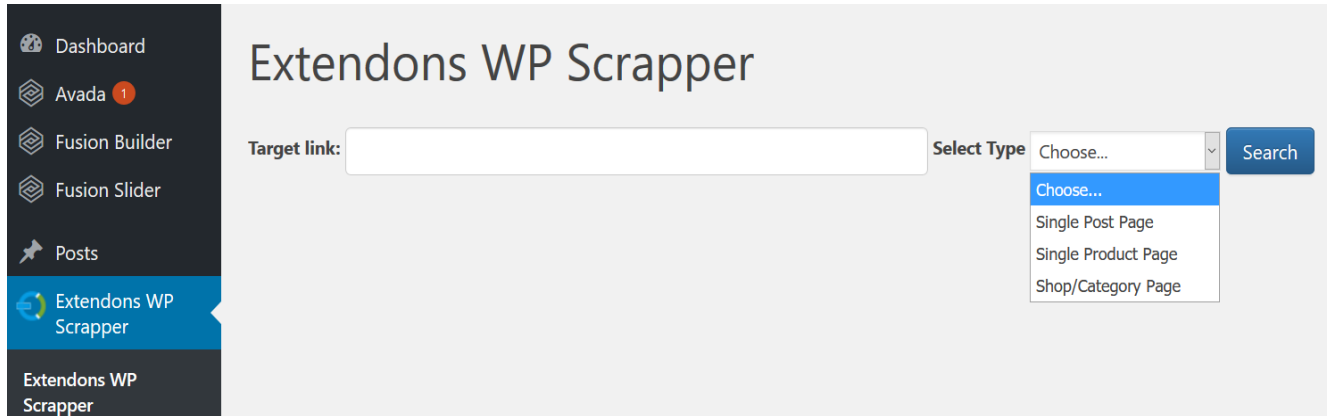

- Unzip the new version archive .ZIP file to a desired location on your computer. These extracted files will be uploaded later via FTP
- Connect to your server via FTP (Use FileZilla or any other FTP client)
- Navigate to /wp-content/plugins/ server directory and delete the current plugin folder
- Locate the local directory where you have unzipped the new version archive .ZIP file
- Upload local folder to remote /wp-content/plugins/

2 User Guide

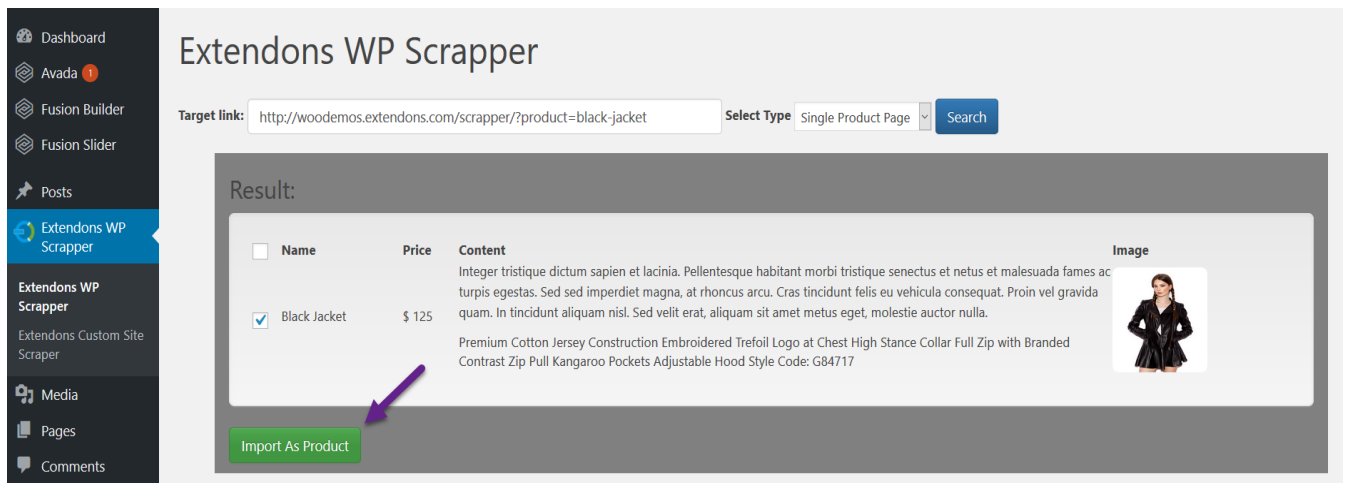

After installation of plugin, login to admin panel and flush your cache storage.

2.1 How to Import WordPress / WooCommerce Products

At the go to "Extendons WP Scrapper". You can go there from the tabs & find the following information.

Provide the "Target link" & choose which type of page in "Select Type". For the purpose of this guide we have provided a link to a product page from the demo front end. Once the above information is provided you will find the following.

Once the results are displayed which may show 1 or mutiple products based on "Select Type", admin's can choose which products they want on thier site and import them.

2.2 How to Import Custom Site Products

At the go to Extendons Custom Site Scrapper. You can go there from "Extendons WP Scrapper" & find the following information.

You have to fill the custom site product page information. Click on "Help" to view the details of what information you have to fill. For the purpose of this guide we added the following information & got the results as shown.

Note: Start Id name with "#" and Class name with "."

Similarly, once the results are displayed admin's can choose which products they want on their site and import them.
