- email: info@extendons.com

1 Installation Guide

This is a quick guide on installation, and updating.

1.1 Plugin Installation

To install WooCommerce Product plugin you must have a working and latest version of WordPress and WooCommerce plugin already installed. For information on installing the WordPress , please see the [WordPress Codex - Installing WordPress](#). For installing the WooCommerce and configure the shop please visit the following link [WooThemes - Installing WooCommerce](#).

- Now the next step is the **WooCommerce Thank You Plugin - Customize or Redirect to Any Page**. In the full .ZIP archive you have downloaded from Codecanyon.net. This file is the installable .ZIP archive you can install via WordPress.

Now is time to install **WooCommerce Thank You Plugin - Customize or Redirect to Any Page**, please read these steps carefully.

Installing from WordPress

Follow the steps bellow to install from WordPress Admin Dashboard

- Navigate to Plugins
- Click Install Plugins and click Add New
- Click the Upload Plugin button
- Navigate the .ZIP on your computer and click Install Now
- When installation is done please click Activate to activate plugin

Installing using FTP

Follow the steps bellow to install using FTP

- Unzip the provided .ZIP file to a desired location on your computer. These extracted files will be uploaded later via FTP
- Connect to your server via FTP (Use FileZilla or any other FTP client)
- Navigate to /wp-content/plugins/ server directory
- Locate the local directory where you have unzipped the archive
- Upload local folder to remote /wp-content/plugins/
- To activate the newly installed plugin navigate to Plugins and click the Activate button within the **WooCommerce Thank You Plugin - Customize or Redirect to Any Page**

1.2 Plugin Updates

Update from WordPress Admin

Follow the steps bellow to update from WordPress Admin Dashboard

- Navigate to Plugins
- Find the currently installed **WooCommerce Thank You Plugin - Customize or Redirect to Any Page** and click Deactivate
- After deactivation click Delete to remove the old version (your saved setting will not be lost)
- Click Install Plugins and click Add New
- Click the Upload Plugin button
- Navigate the new version archive .ZIP file on your computer and click Install Now
- When installation is done please click Activate to activate plugin

Update using FTP

Follow the steps bellow to update using FTP

- Unzip the new version archive .ZIP file to a desired location on your computer. These extracted files will be uploaded later via FTP
- Connect to your server via FTP (Use FileZilla or any other FTP client)
- Navigate to /wp-content/plugins/ server directory and delete the current plugin folder
- Locate the local directory where you have unzipped the new version archive .ZIP file
- Upload local folder to remote /wp-content/plugins/

2 User Guide

After installation of plugin, login to admin panel and flush your cache storage.

UPSELLS TAB

UpSell Settings

- **Enable UpSelling section:** Enable this option to show the up-selling section

- **Products per row**
- **Products per page**
- **Order by**
- **Order**
- **Select products**

The screenshot displays the 'UpSells Settings' configuration page. The interface includes a sidebar with various site management tools. The main content area is divided into tabs, with 'UpSells' currently selected. The settings are organized into several sections:

- Enable UpSelling section:** A toggle switch labeled 'Enable' is shown in the 'On' position. Below it, a note states: 'Enable this option to show the up-selling section'.
- Products per row:** A dropdown menu is set to '4'.
- Products per page:** A text input field contains the value '4'.
- Order by:** A dropdown menu is set to 'Title'.
- Order:** A dropdown menu is set to 'Ascending'.
- Select products:** A container showing four selected products: 'Spring Printed Dress', 'Black Jacket', 'Hipster Black Top', and 'Leather Gloves'. Each product name has a small 'X' icon to its right for removal.

PAYMENT METHODS TAB

- **Direct bank transfer:** Select the General Thank You Page or External URL
- **Check payments:** Select the General Thank You Page or External URL
- **Cash on delivery:** Select the General Thank You Page or External URL
- **PayPal:** Select the General Thank You Page or External URL

The screenshot displays the 'Payment Methods' configuration interface. The sidebar on the left contains various site management tools. The main panel features a tabbed interface with 'Payment Methods' selected. It lists four payment methods: 'Direct bank transfer', 'Check payments', 'Cash on delivery', and 'PayPal'. For each method, there are two dropdown menus. The first dropdown menu for each method is set to 'Custom Wordpress Page', with a note below it stating 'Select the General Thank You Page or External URL'. The second dropdown menu for each method is set to 'Select a Page'. A 'Save Changes' button is located at the bottom of the main panel.
