

Custom My Account Dashboard for WooCommerce

Custom my account page plugin for WooCommerce helps you to customize default my account page of WooCommerce and turn it to a nice and fancy dashboard. Add widgets and new endpoints to users' my account page.

Customize my account dashboard:

At the back-end go to [Customize Account Dashboard > Account Dashboard Settings](#) . Here you will all find the account dashboard settings.

Cards Settings

You can enable various cards to display on users' my account dashboard such as orders, wish-list, rewards points, downloads, and store credit. You can customize each card as well.

Customer Dashboard

Customer Dashboard Name	Width	Template	Status	Sort Order	Action
Orders - Card	3	Primary	Enable	1	
Store Credit - Card	3	Success	Disable	2	
Reward Points - Card	3	Warning	Enable	3	
Wish Lish - Card	3	Info	Enable	4	
Download - Card	3	Danger	Enable	5	

Order card ✕
